Sale Information

THREE HILLS RANCH & WEST RANCH

Dear Friends,

Thank you for taking the time to look through our offering and for your interest in our cattle and breeding program. Hosting our Annual Bull and Female Sale is something our family looks forward to each year, and we truly appreciate your support.

We've worked to build a Hereford herd focused on the traits that matter most: structural soundness, fertility, udder quality, disposition, and performance. The bulls selling this year are stout, sound–footed, and eye–appealing, with the kind of genetics we believe will add value to any operation. Our philosophy is simple: we breed performance into our cattle, not feed it in. Our bulls are developed for longevity, athleticism, and functionality rather than excessive condition, ensuring they are ready to go to work immediately after the sale and beyond.

Today, we run approximately 450 cows, with half of the herd being registered Herefords. Our Hereford bulls are used extensively in our commercial Angus herd. We believe in using our genetics ourselves and standing behind what we sell.

As a multi–generational family operation, we take great pride in the cattle we've built and the relationships we've made along the way. We are grateful for the opportunity to earn your business and look forward to building friendships that last far beyond sale day.

Whether you've been with us from the beginning or are considering our program for the first time, we sincerely appreciate your interest and support. If you have any questions or would like to discuss the offering, please don't hesitate to call. We'd be happy to visit with you.

We hope to see you Friday, December 18th, at the Morehead Ranch, 18315 Bernard Road, Baldwin, Iowa.

Thank you,
The Morehead & West Families

DVAuction
www.dvauction.com

WATCH AND BID ONLINE:
DVAuction Broadcasting Real–Time Auctions at www.DVAuction.com. Scan the QR code to view the full video catalog on DVAuction.

CATTLE VIDEOS:
Cattle videos are available for viewing now at www.threehillsranch.com, www.thelivestocklink.com, and www.DVAuction.com.

HERD HEALTH:
All the cattle selling will be ready for immediate shipment and accompanied by proper health certificates. Three Hills and the West Ranch have full vaccination programs. Complete ultrasound and performance records will be available on or before the sale date. Pregnancy status will be announced at sale time.

All heifers were pregnancy–checked on September 30 and will be re–checked the week of the sale. Pregnancy status is guaranteed on sale day; however, all risk and responsibility transfer to the buyer upon purchase.

BREEDING GUARANTEE:
The bulls will be given a semen test and breeding soundness exam prior to sale, with scrotal measurements. We guarantee the first 60–day breeding season. If an adjustment is necessary, it will be made with a suitable replacement or credit at the next Three Hills and West Ranch sale. No adjustments after 6 months.

TERMS & CONDITIONS:
The cattle will sell under the standard terms and conditions as recommended by the American Hereford Association. The animal becomes the property of the purchaser as soon as sold. Any death or injury thereafter falls upon the buyer. Three Hills Ranch will provide housing and care for your bull until April 1st with a $6.00 per day fee.

HEIFER SALE TERMS:
Heifers will sell in groups of 10. Each group will be sorted and identified (LOT #) ahead of time, so you will know exactly which 10 heifers you are purchasing. The Black heifer lots start at 100, the BWF heifer lots start at 200, and the RWF heifer lots start at 300. The buyer will have the option to take up to 40 head (one load) at a time. For example, the buyer of Lot 100 may also take Lots 101, 102, and 103 for a total of 40 head.

PAYMENT TERMS:
All sales are cash unless arrangements are made with the seller prior to sale. Full payment is required prior to delivery or transfer of registration papers.

DELIVERY:
Free delivery on bulls $5000 or more within a 300–mile radius. Three Hills and the West Ranch will make every effort to coordinate and/or help with any other deliveries. Day of sale, receive $100 credit on any bull picked up Sale Day or the next.

ABSENTEE BIDS:
Any person unable to attend can place a bid through David, Luke, or any of the listed sale representatives.

LIABILITY:
All persons attending the sale and related functions do so at their own risk. Three Hills and the West Ranch, nor any person connected to this sale, assume any liability, legal or otherwise, for any accidents or injuries that may occur.

CATTLE AVAILABLE TO VIEW:
Cattle will be available to view at Three Hills Ranch and the West Ranch any time before the sale; please contact David or Luke to make appointments.

December 18th, cattle will be available to view starting at 2 pm, and the sale will begin at 6 pm.

EPDs current as of 11/1/26

Here's a home–raised bull we're sure glad we kept around! We liked this guy well enough to use him as a yearling, and when we sold him, we retained half interest. This is his first calf crop, and we think you will agree he's done one heck of a job! His calves are dark red, stout, deep–sided, and move out as they should. He's stamping his calves with a good look, plenty of thickness, and the kind of eye appeal that's hard to miss. His daughters should be something special too, with a 311 ranking in the top 11% for UDDR. After seeing what he's done with this first set of calves, we're sure looking forward to the future with him!

Here's one we wish was still around! This guy was a standout even as a calf, and we liked him well enough to use him as a yearling before selling him in our 2024 sale. His calves have plenty of eye appeal, thickness, and muscle, with the kind of look that catches your attention in the pasture. He's got some exciting maternal numbers to go with, ranking in the top 4% for MCE, 5% for TEAT, 6% for SCF, and 11% for UDDR. With that kind of cow power behind him, we sure would expect his daughters to be something special!

Here's a bull that sure earned his keep around here! 1143 is backed by some tremendous cow power, with his mother being a big–time Cooper donor cow. He's done a heck of a job stamping his calves with thickness, depth, and plenty of muscle. They all seem to have that stout, soggy look we like to see! He's got the numbers to back it up too, ranking in the top 5% for WW, 14% for YW, 3% for UDDR, and 6% for CW. With this kind of performance and maternal strength all wrapped into one pedigree, it's no wonder we've been so pleased with his calves!

Here's a home–raised bull that's sure made a name for himself around the ranch! We kept 2317 with hopes of raising some outstanding females without giving up performance, and he's sure done his part! A proven heifer bull that brings calving ease to the table while still putting plenty of growth in his calves. His sons are good–looking, stout–made cattle, with several showing tremendous pigment. His numbers are worth talking about too, ranking in the top 1% for MCE and 3% for MM and MG. With that kind of calving ease, growth, and maternal strength all wrapped into one, we think his daughters are going to be the kind you will want to keep around for a long time!

This is a Holden Bull that's got just about everything you would want in a herd sire! His mother is a big–time Holden donor cow, and there's plenty of cow power throughout his pedigree. 1112 has proven himself to be a real performance bull, putting pounds on his calves while still raising some awesome females. His calves are big, stout, soggy–made cattle with plenty of depth and muscle, and his daughters should be something worth talking about! 1112 ranks in the top 10% for YW and 3% for CW, FAT, and REA. If you're wanting to put some serious pounds on the scale without giving up the maternal side of things, 1112 has sure done his job!

This bull has been raising some of our favorite calves for the last couple of years! 153 has sure done a good job for us, putting plenty of length, thickness, and muscle into his calves. His sons have that big, stout, rugged look that catches your eye from across the pen, and they've got the performances to go with it! We've liked his calves well enough that we've already used two of his sons ourselves and retained another one! He's also done a good job on the maternal side, and we think his daughters are going to make some really good momma cows. After seeing several calf crops out of this guy, I think it's safe to say he's earned his place in our herd!

Powerful is a pretty good word to describe this dude! Probably one of the most powerful 1190 sons you'll find on the market anywhere! He's been a standout since he was still on his momma. Dark red, long as a train, a little more frame, and moves out as a bull should. Our good friend and bull customer, Troy Peterson, had a bull fail his semen check and gave us a call needing a replacement in a hurry. Well, 509 got called up for a little early duty! Troy had nothing but good things to say when he brought him back, and we haven't found a flaw in him yet either! Since he was out working this year, we were not able to get pics and a video of him, but we don't think he'll have any trouble finding some friends come sale day! Lot 509 ranks in the top 6% for MCW, 7% for SC, 11% for UDDR, 12% for MM, and 14% for CW.

Here's the kind of bull that could make an improvement in just about any herd! We liked this guy well enough to use him ourselves as a yearling, which is why you won't find a picture or video of him. His mother has been a top–notch cow in every way, with a perfect udder, great disposition, good feet, and outstanding mothering ability. With 1159 on top and this kind of cow power on the bottom, we think it's safe to say his daughters could be some of the best you will find anywhere! Lot 5109 ranks in the top 1% for MM, 2% for TEAT, 3% for MCE, and 5% for MG. His sire, 1159, ranks in the top 2% for TEAT and 3% for UDDR. There's a reason we wanted to use this bull in our own herd; we wouldn't overlook him on sale day! Terms of sale will be announced on sale day.

A big, stout brute and one of the best 817 sons we've raised! Thick as you could ask one to be, with a big hindquarter and loads of muscle expression. He's the kind that catches your eye from across the pen! His mother is a moderate–framed cow with a beautiful udder and great disposition. She's a full sister to Cooper's 450 donor, the mother of 6187 and 883, two big–time herd bulls that went to work in some of the best Hereford programs in the country, including Holden, Van Newkirk, L Bar W, and Cooper. With this kind of cow power on both sides of his pedigree, we would surely look to this bull to raise some outstanding females!

This guy checks all the boxes! A stud of a 912 son, thick, deep, wide across the top, and gentle to boot. His mother, 391, is one of the best cows on the place. At 13 years old, she's still raising dandies year after year, and her daughters are the kind you wish your whole herd looked like! Double-bred to put pounds on the scale without giving up the maternal side, here's a bull we would sure like to have a pasture full of daughters out of! Terms of sale will be discussed at sale time.

1143 just keeps cranking them out! This son is as long as a train with plenty of pigment to boot. His sire's pedigree is packed with some of the best cow power in the business, including a top Cooper donor cow. Lot 5194 ranks in the top 3% for UDDR and 5% for TEAT, while his sire ranks in the top 5% for WW and 3% for UDDR.

We promise you'll find this guy come sale time! Potentially the best 311 son we've seen yet and, without a doubt, one of the soggiest bulls in the sale! Square–topped, soft–made, deep–sided, and never–ending length describes this guy perfectly. His mother is a beautiful, moderate–framed cow with a stellar udder and disposition. She has proven herself time and time again. Here's a bull that should sire a set of steers that will have the sale barn knocking on your door and a set of females that will make your neighbors stop and stare! He even comes with a pretty neat birthmark to boot! Lot 5204 ranks in the top 3% for UDDR and 2% for TEAT. Be sure to find this guy! Terms of sale will be discussed further at sale time.

We're starting to sound like a broken record talking about saving females, but here's another one! His mother is a role model brood cow with a beautiful udder, and with 5206 being an 817 son, you're talking about as close to a sure–shot cow maker as you can find! With this kind of cow power behind him, we would sure hate to sell many daughters out of this guy! Lot 5206 ranks in the top 5% for TEAT, 10% for MCE, and 11% for UDDR.

This guy pretty much speaks for himself! A big, rugged 817 son and a cowboy's kind of bull. He's the type to breed all your cows in the first three weeks, then jump the fence and help the neighbor's bull catch up! Built to cover ground and cows like a machine! This stud carries the kind of power and muscle to sire a set of big, stout, high–performing calves that will put some pounds on the scale come weaning time!

Big-time herd bull potential! Huge-gutted, big-butted, and wide across the top, with the power to back it all up. We challenge anyone to walk past this bull without taking a second look! His EPDs are something special, ranking in the top 1% for MCE, 3% for SC, 7% for BW, and 8% for CE and CW. Real heifer-bull potential with the growth needed to make money in the cattle business! Backed by one of the best cow families on the ranch, with generations of great udders, pigment, and proven cow power. His entire pedigree is chock-full of some of the most influential sires and dams in the Horned Hereford breed. You will have to look far and wide to find another bull that puts this much together. Terms of sale will be further discussed on sale day.

Another stud out of 231! He is stout, deep–sided, square–topped, and built like a bull should be. Hard to walk past without a second look! The kind to cover plenty of cows and put big calves on the scale. His dam is a young cow with Van Newkirk breeding that is already getting the job done for us. Lot 5259 ranks in the top 5% for SC and 15% for MM, while his sire ranks in the top 5% for MCE, SC, and TEAT.

311 did it again! A big–time baldy maker right here! We would look to this bull to sire a set of baldies that will have the sale barn rep knocking on your door! His sire, 311, ranks in the top 11% for UDDR, while Lot 5261 himself ranks in the top 11% for UDDR. A bull that could pack a powerful punch in a commercial cow herd!

One of the last sons we'll see out of 817, a bull known for daughters with great udders and milking ability. Long, soft–sided, and carrying the look and pedigree of a true cow maker! His dam, 176, is an up–and–coming young cow with plenty of promise. Lot 5264 ranks in the top 10% for DMI, while his sire ranks in the top 12% for SCF. A bull to keep in mind if you're looking to raise some first–class females!

Want to talk about a bull you would like to keep every daughter out of? Well, here he is! A long, dark red, smooth–made 1159 son with a pedigree full of cow power! You don't have to look back very far to find everything you would want in a good brood cow: longevity, beautiful udders, and femininity. His sire, 1159, ranks in the top 2% for TEAT, 3% for UDDR, and 11% for MCE. Lot 5304 himself ranks in the top 5% for TEAT and 11% for UDDR. With udder quality bred in on both sides, this guy has all the makings of a real female maker!

Another good 1143 son with plenty of cow power behind him! He's backed by a solid cow family on the bottom side that goes back to our old 649D Baker bull. 649 left us with some beautiful momma cows, and his influence is still showing up in our herd today. Combine that with the maternal strength behind 1143, and here's a bull we would surely look to for raising top–notch replacement heifers!

Another stud out of 1143! Stout, short–marked, and loaded with muscle expression. We think this guy is going to have plenty of friends on sale day! Lot 5503 ranks in the top 11% for UDDR and 15% for MCE, while his sire, 1143, ranks in the top 3% for UDDR, 5% for WW, and 6% for CW. With a pedigree backed by some of Cooper's best donor cows, there's plenty of cow power behind this one!

One of our favorite 2317 sons in the sale! We think combining 2317's calving ease and ability to make outstanding females with a 9214 daughter, bringing depth and power to the equation, could be just the ticket! Here's a bull that should bring some calving without giving up growth. He will raise a set of daughters you will want to keep. If you're in the market for a good, all–around stud, we would definitely give this guy a good look!

Here's a 2065 son that should bring a little bit of everything to the table! With his sire ranking in the top 4% for CE and 6% for BW, there's plenty of calving ease bred into this guy without giving up growth. Backed by a good, solid cow family, here's a bull that should put some pounds on his calves and leave you with a nice set of replacement females!

Here's another good 2317 son with added muscle expression and a little extra width across the top! This is a bull that should bring moderate birth weights and plenty of growth. Lot 5538 ranks in the top 9% for MM, 10% for MCE, 11% for MG, and 14% for CW. His sire, 2317, ranks in the top 1% for MCE and 3% for MM and MG. A good mix of growth and maternal strength!

A good 2317 son and probably one of the stoutest ones in the sale! After seeing a few of these calves, we're starting to think 2317 crossed on 9214 daughters might just be the way to go! Lower birth weights, big–time growth, and they all seem to have a good shoulder and hip! This guy has the thickness and power to go with it, and we think he's got potential to leave his mark on a cow herd! Lot 5541 ranks in the top 8% for MCE and 9% for MM and MG.

Here's a big, soggy, traditionally marked 2065 son that's as long as a train, with depth and width to match! His pedigree is packed with a little bit of everything: 7% for SC, 14% for CE, 15% for MM and MCE, and 16% for MG. His sire, 2065, ranks in the top 4% for CE and 6% for BW. Lot 5542 should bring plenty to the table, whether you're after pounds on the scale or a set of females that will last!

A 2065 son that should be very popular on sale day! Dark red, plenty of muscle expression, a big hip, and just plain easy on the eyes! Not to mention the calving ease bred into this guy, with top-notch momma cows throughout his pedigree. Lot 5544 ranks in the top 10% for CE and 17% for BW, while his sire, 2065, ranks in the top 4% for CE and 6% for BW. Here's a bull that should work well on heifers and leave you with a set of daughters worth keeping!

A very nice son of our home-raised 2317 bull! Clean-made, short-marked, and carrying the kind of look you like to see. Lot 5545 ranks in the top 4% for MCE, 9% for MG, 12 for MCW, and 13% for WW. His sire, 2317, ranks in the top 1% for MCE and 3% for MM and MG. With this kind of maternal strength behind him, there's plenty to like about this young herd bull!

5175 BLACK BULL #5175

BULL · COMMERCIAL · DOB: **04/14/2025** · TATTOO: **5175**

Born 4/14/25, 82 lbs. His dam is a nice, moderate–sized, quiet cow.

5199 BLACK BULL #5199

BULL · COMMERCIAL · DOB: **04/16/2025** · TATTOO: **5199**

Born 4/16/25 at 84 lbs, he's out of a moderate–framed, home–raised cow with perfect feet, udder, and disposition.

100

30 AI BRED BLACK HEIFERS

Here's another top–notch set of bred heifers! These girls came from the same ranch as our BWF heifers and were sorted and culled with the same attention to detail. At Stanley Bay Farms, we went through these heifers one by one, keeping only the kind we'd be proud to put in our pastures! They are AI–bred to HH Advance 6212D, a bull we've personally been using for the last seven years with outstanding results. He's well known throughout the Hereford breed for his outstanding calving ease, explosive growth, and the tremendous females he's known to sire. With this kind of breeding behind them, these girls should raise some outstanding calves and make a set of cows that will get the job done for years to come! Calving to start on February 27th. Lots 100–102.

105

9 BULL BRED BLACK HEIFERS

Another nice set of black–bred heifers coming off the same ranch as our AI–bred Blacks and BWF heifers! These girls were sorted and culled with the same attention to detail. They were exposed for 45 days to the same home–raised heifer bulls used on our bull–bred BWF heifers. These bulls were all born and raised right here on the ranch, so we know exactly what we're using and have plenty of confidence in them! The cleanup bulls are sired by Angus by ABS Compliment. Here's a nice group of females that should make a dependable, productive cow herd. Bred to start calving on March 8th for 45 days.

110

20 BRED BLACK HEIFERS

Another exceptional group of black heifers coming from the West Ranch! Also developed on fescue and light grain. These ladies are AI–bred to Galaxy Clarity and will start calving Feb. 15th. Lots 110–111.

200 80 AI BRED BWF HEIFERS

Here's a set of heifers we're awfully proud to offer! One iron, all sired by Three Hills Hereford bulls and AI–bred to GAR Spring Hope Lion, a bull used for several years with outstanding results! Lion has proved himself time and time again, siring calves with light birth weights, plenty of vigor, and explosive growth. These heifers were hand–selected from Stanley Bay Farms for uniformity, disposition, and overall phenotype, and we think it shows. This set of females has the looks, breeding, and quality to build a tremendous cow herd around. We don't think you will find a better set of bred heifers anywhere! AI–bred to start calving February 27th. Lots 200–207.

210 60 BULL BRED BWF HEIFERS

Here's another outstanding set of BWF–bred heifers! These girls come from the exact same group as our AI–bred heifers; they're just the ones we didn't catch when we were AI–ing. They cleaned up with home–raised heifer bulls, all born and raised right here on the ranch. We know these bulls inside and out, and we're confident in what we're offering. These cleanup bulls are sired by ABS Complement calves. We first used Complement 14 years ago, and we still have 13–year–old daughters by him. They are moderate–framed cows with perfect udders and are extremely docile. These heifers have the same quality, disposition, and uniformity as the AI–bred group and should make an excellent set of cows for years to come. Exposed for 45 days. Bred to start calving March 1st. Lots 210–215.

220 40 BWF BRED HEIFERS

This outstanding set of heifers comes from our Fall herd at the West Ranch in Queen City, MO. These BWF heifers were developed on fescue and light grain. They are AI–bred to Galaxy Clarity on natural heat detection and will start calving Feb 15th. Lots 220–223.

300 8 RWF BRED HEIFERS

A nice little set of RWF–bred heifers coming off the same ranch as our BWF heifers! These girls were sorted one by one for uniformity and disposition, with the same attention to detail as our other heifers. They were AI–bred to GAR Spring Hope Lion, a bull we've personally used for several years with great results. He's proven himself with light birth weights, vigorous calves, and explosive growth! They were cleaned up with our home–raised heifer bulls, the same bulls we've used on our bull–bred BWF heifers. This group of females will make outstanding cows. Exposed for 45 days. AI–breds will start calving February 27th, and bull–breds will start March 8th.

400 40 COMING 3–YEAR–OLD HEIFERS CONSIGNED BY BRODY MCREYNOLDS

Consigned by Brody McReynolds, these 40 coming 3–year–olds are all bred by Three Hills Ranch–raised bulls! Bulls were turned out on May 23rd and pulled on July 21st. With a western origin, they are acclimated to fescue and had calves sold at the Russel Livestock Market on Sept 14th. Don't miss out on this really nice set of cows! Lots 400–403.
